

Youthing Ceremony

with Sandra Itenson Sweetman

Sunday September 23 2010

7pm till finished

THERE is one single night of the year that the energies of the moon meet with the energies of the earth in such a way that energetic and physical youthing can occur. This is the night of the Harvest Moon.

FROM the heart of Africa, the ancient and sacred ritual of being with the energies of the moon and earth has been passed on. Now is the time for these ancient mysteries of youthing to be revealed once again.

JOIN in this sacred ceremony for turning back the clock of aging. Allow the powers of youthing to welcome you once again as it was passed on from Master Teacher to student. ***On this night you are given the opportunity to increase your vitality at the cellular level and reverse the aging process by up to two years!***

Location: Connecticut, to be confirmed

Please bring a chair, blanket and flashlight.

Energy Exchange \$65

To register: Please email Anthony at smokecounsel@optonline.net
